

— DAY — BOARDING

LVM strives to make the campus of the school so holistic that the students and their parents don't have to look anywhere else to get the best facilities. Keeping this in mind, the School has been providing Day Boarding and In-School Lunch Facilities since the last 4 years. Once a student enters LVM, he/she becomes the School's priority. Parents can work with a free mind knowing that their children are taken care of- be it their education, nutrition or overall development.

Day Boarding Timings: 2pm - 5pm on all working days.

WHAT WE PROVIDE:

Nutritious Meals

Lilawati Vidya Mandir knows the importance of nutrition in a growing child and School's Day Boarding Facilities include a mid-day meal and lunch plan. With a qualified nutritionist on board along with a panel of 5 teachers keeping a check on these children, 'home made food' provided by the School will let the parents breathe easy.

A child enrolled in our Day Boarding will get a freshly cooked healthy breakfast at 11:30am in their respective classrooms. As a result, parents don't need to worry anymore about packing tiffins in the morning! Next, the child will enjoy lunch at 2pm with his/her peers inside the school's dining hall.

Remedial Classes

With our day boarding facility in place, parents don't need to stress about children completing their homework or studying for exams. All their educational needs will be taken care of by the school teachers themselves who will be staying back with the students.

Indoor Activities and Outdoor Activities

Indoor and Outdoor activities play a huge role in the overall development of a student. After having their lunch, studying with the teachers and then resting for a bit, students can take part in a range of indoor and outdoor activities under the supervision of trained coaches.

A Day Boarding at school facilitates good eating habits, healthier social adaptive skills and proves to be a blessing for nuclear families with working parents.

None of these extravagant details would matter if the pricing were not right. Keeping that in mind, LVM has decided to put the most suitable price bracket for this.
